

We're Hiring! | MYP Chemistry Teacher (Grades 6–8)

We are seeking a passionate and experienced **MYP Chemistry Teacher** to join our vibrant team. The ideal candidate will have experience teaching Chemistry across **IB MYP, IGCSE, or Cambridge** frameworks and be committed to **inquiry-based, student-centered learning**.

Key Responsibilities

- Teach Chemistry concepts aligned with the **IB MYP Science framework**.
- Design engaging lessons and **real-world lab investigations**.
- Plan curriculum and assessments as per **IB standards and documentation requirements**.
- Differentiate instruction to meet diverse learning needs.
- Assess student understanding through **formative and summative tasks**.
- Collaborate with colleagues and participate in **IB PD and school events**.

Qualifications & Skills

- Bachelor's/Master's in Chemistry or Science Education
- Teaching certification (PGCE, B.Ed., or equivalent)
- Minimum **2 years teaching experience** in MYP/IGCSE/Cambridge
- Strong command of **lab safety, inquiry-based methods**, and MYP documentation
- Effective **communication, tech integration**, and classroom management skills

If you're ready to spark scientific curiosity and inspire young minds, **apply now!**
